Competencies

- Optimized Code
- Clean Design
- Problem Solving
- Attention to Detail
- Quick Learner
- Adaptive

Languages

Spanish Native/Bilingual

English Native/Bilingual

Japanese Beginner

Interests/Hobbies

- Premier League Football
- Video Games • Anime / Manga
- Internet Culture • Swimming
- Cooking

Technical Proficiencies

- | | | |
|-----------------|----------------|---------------------|
| ■ React | ■ Material UI | ■ Azure |
| ■ Javascript | ■ Tailwind CSS | ■ Vercel |
| ■ Typescript | ■ Vite | ■ MongoDB |
| ■ Redux/Toolkit | ■ Express | ■ Firebase |
| ■ NodeJS | ■ REST API's | ■ Figma |
| ■ HTML | ■ Git | ■ Responsive Design |
| ■ CSS/SCSS | ■ GitHub | ■ Ubuntu |

Work Experience

Front-end Engineer - Softtek

2024 - Current

- Develop responsive, pixel perfect components using React
- Maintain large scale web flows with intricate validations
- Utilize state managers to maintain global state for a smooth user experience
- Utilize React and Redux DevTools to validate and expediate application development and testing
- Constant communication with different teams for efficient task lifecycles
- Implement and maintain a clean and efficient codebase for scalability
- Follow a strict code review process to ensure code quality

Front-end Lead - Muub Connect

2022 - 2024

- Develop responsive, scalable and efficient Front-end platform from scratch with React
- Implement Redux and ContextAPI for application state management and API interactions
- Use MaterialUI to create a clean and intuitive user-experience
- Utilize React and Redux DevTools to validate and expediate application development and testing
- Design UI elements and mock-ups using Figma
- Create efficient solutions for technological hurdles
- Manage Front-end team to effectively solve client demands
- Improve client acquisition and retention using technological solutions
